

Directions to USDA-ARS Facilities on Texas A&M Riverside Campus

As I am not sure where you are staying, I will give these instructions based on driving in from Houston.

Coming in from Houston on Hwy 6 N, exit to University Drive left over overpass proceeding SW down University Dr. You will drive by Texas A&M Campus and Easterwood Airport until you exit right onto 47.

You will proceed NW on 47 until you come to a sign for the entrance to Texas A&M Riverside Campus. Turn left and proceed into Riverside Campus.

You will continue on the road you turned in on until you dead-end at the runway. Take a left and proceed down the edge of the runway. We are the last set of hangers on the left.
